## Junior Fixture Request Form

Due to a high number of requests, we will be prioritising these based on the least disruption to already generated fixtures. Complex requests (eg same game times every week) will be less likely to be approved due to Lakeside wanting to ensure fairness across all competitions. We will do our best to accommodate each team's request, but please note, not all requests will be feasible to work into the fixtures and therefore will not be approved.

**\*Requests will only be accepted by registered team representatives\***
