

Beyond the Gate is the cross cultural missions and social justice arm of Lakeside Baptist Church. Our ministry beyond our gates is in response to Jesus command to "Go and make disciples of all the nations" as well as the bible's teaching regarding the poor and marginalized "let justice roll on like a river".

Beyond the Gate's strategic goal is to "actively partner with people and agencies joined in God's global mission and become increasingly involved in championing justice."

One way we do this is by our annual BTG appeal where we specifically give to individuals and agencies involved in both mission and social justice. This year's annual giving day will be on Sunday 30th May. You can either give on that day or make a promise that you will give either as a lump sum or at intervals. Please be praying in regards to what role God is calling you to play.
